Customer Review

5.0 out of 5 stars "Cleans grease and grime great, and leaves my hands feeling moisturized; I love this stuff!"

Reviewed in Canada on July 6, 2025

"Not sure if I just got a lucky bottle given some of what I've seen here, but I think it's absolutely wonderful for cleaning grease and grime and wipes off just fine! Doesn't need water to rinse it off either, just use some shop/paper towel or a rag and you're good; moisturizes my hands at the same time, so there's a plus. I would like to keep a bottle of this around for the long term, Worx great for me!!" Jason

About WORX® Environmental Products

Founded in Calgary in 1994, **WORX Environmental Products, Inc.**® has spent over three decades advancing professional and industrial hand care through purpose-driven innovation.

Built on our **WORX® Gold Standard**, every formulation is designed to deliver measurable results — combining high-performance soil removal with user safety, environmental responsibility, and long-term value. Our scientifically developed green chemistry works smarter, reducing product usage while helping minimize repeat washes.

At the core of every WORX® solution is advanced formulation technology that lifts and suspends soils into micro-particles, allowing for quicker rinse-off without compromising skin integrity. The result: clean hands, greater efficiency, and dependable performance in demanding work environments.

Our Pillars of Excellence: Performance • User Safety • Environmentally Responsible • Cost-Effective

These principles guide every product we develop, manufacture, and support the **Quality, Safety & Compliance You Can Trust**. WORX® maintains stringent internal quality standards and validated third-party certifications to ensure consistency, safety, and reliability across our product portfolio, including: **GMP • ISO 22716 • ISO 9001:2015 • Green Seal • NSF E1 / E4**

What this means for distributors and end users:

- ✓ Proven safety, stability, and performance testing
- ✓ Full transparency through complete ingredient disclosure
- ✓ NSF-certified options suitable for food and critical environments*
- ✓ Non-toxic, biodegradable, and cruelty-free formulations
- ✓ Packaging designed with compatibility and sustainability in mind
- ✓ Performance supported by substantiated claims

**Select products only*

Clean hands. Trusted standards. Confidence in every workspace.

PRODUCT COST ADVANTAGES

WORX® Industrial Hand Cleaners deliver high-performance cleaning at an estimated low cost per wash. Cost-per-wash calculations are based on controlled dosing using **ASTM methodology** to simulate typical industrial soil removal conditions. Actual usage may vary based on soil, dispenser, and user application.

Products | Cost Per Wash At A Glance

Product	Dose per Wash	Container / Size	MSRP (2026)	Approx. Cost Per Wash
WORX® Biodegradable Hand Cleaner	1.4 g	2.04 kg / 4.5 lb	\$91.48	\$0.06
WORX® Power Clean Waterless Hand Soap	1.0 mL	3.78 L / 1 gal	\$151.16	\$0.04

Disclosure: Calculations are based on MSRP and controlled dosage from ASTM internal testing. These figures are provided for informational purposes and should not be interpreted as guarantees. Actual usage and cost-per-wash depend on dispenser settings, soil levels. Field results vary with user behaviour and soil conditions.

WORX® Gold Standard: More Performance. Less Impact. Better Value.
